MRS. ANDREW SCHUEHLE.

After a long illness Mrs. Andrew Schuehle fell asleep at her home here at 10.45 o'clock Monday morning. While her passing was not unexpected it nevertheless brought great grief not only to her immediate relatives, but also to a large concourse of life-long warm friends.

Evangeline Anna Mary Frerichs, was born at Quihi, Medina county, November 26, 1860, consequently, she had reached the age of 62 years, 2 months and 3 days at the time of her passing. She spent her entire life in this county, and it is possible no one enjoyed a greater number of warm friendships than did the deceased.

On November 13, 1880, she was married to Mr. Andrew Schuehle, at Quihi, to this union six children were born, four of whom survive her, to-wit: Mrs. Wm. Eckhart, Mrs. Lena Haby, Mrs. Nida Groff, and one son, John G. Schuehle, all of Medina county. Two sons preceded her to the grave.

At an early age she united her self with the Lutheran church and lived a consistent Christian life. She had an abiding faith in the saving grace of her God, and the summons of the Black Winged Messenger. Death had no terrors for her.

During her long illness everything that medical science could suggest or loving hands could do was at her service, but all to no purpose. The summons came and she went to join her loved ones who had preceded her to the realms beyond the skies.

Her mortal remains were laid to rest in the new cemetery at Quihi, at 3.00 o'clock, Tuesday afternoon. A large number of friends being present to pay a last loving tribute to the departed.

Besides her husband she is survived by her aged mother, Mrs. Roif Frerichs. The four children mentioned above, two sisters, Mrs. August Schuehle and Mrs. C. J. Bless, two brothers, Fritz and Henry Frerichs, twelve grandchildren and one great-grandchild.

The following long time friends of the family acted as pall-bearers at the funeral: T. C. Barnes, Felix Batot, Claude Gilliam, V. P. King, Geo. Leinweber and Dr. O. B. Taylor.

That a kindly Heavenly Father may comfort and console the stricken loved ones in this their hour of sorrow, is the ardent wish of all our people.

—[Two for One]—

The marriage of Mr. Ernest Tegel and Miss Mary Belzung occurred at Cliff Wednesday afternoon, County Judge R. J. Noonan officiating. The license was issued by the county clerk of Bexar county. Mrs. S. A. Jungman has returned from the hospital in San Antonio, where she recently underwent a surgical operation. She is making a good recovery and everyone hopes she will soon be enjoying normal health.

Oscar Mangold of Tarpley, Jack Drotcourt of Hondo, and R. Hernandez of LaCoste, are driving Ford touring cars purchased from the local dealers, Carter & Bader, the past week.

Twenty to one is the ratio of car-load shipments the past week, to-wit: Outbound, 16 cars corn, 1 of hogs, 1 of guano, 1 of hay and 1 cottonseed; inbound, 1 car of cement.

ROAD CONTRACT SIGNED.

All obstacles have been overcome, all wrinkles smoothed out and the contract signed for the construction of the roadbed for the National Highway through the Castroville and Hondo commissioners' precincts.

At a meeting of the county commissioners held at the court house Thursday, which was also attended by the county engineer, definite plans were adopted and before another Anvil Herald is in the hands of its readers it is probable scraping, grading and graveling will be in full swing.

We understand the contractors are anxious to get busy and the collection of all necessary material for the stupendous work they are undertaking will begin immediately. The contract let calls for the construction of the highway from the east line of the Castroville commissioners' precinct to the west line of the Hondo commissioners' precinct—some three and a half miles west of the town of Hondo. The contract for the D'Hanis commissioners' precinct has not been let, and we are not advised as to when bids on this link will be ready for the contractors. There is some hitch as to the location, and until this matter is threshed out construction work on this part of the road will be held in abeyance. However, it is more than possible that the trouble will be adjusted and contracts let long before the completion of the work on the sections now under contract.

The contract as let only calls for the grading, graveling and leveling of the roadbed and the bridge and concrete work. The tarviating of the road will be awarded in a subsequent contract.

The road as planned will sheer to the left about a mile west of Hondo and will cross the Crabtree and Smith farms to an intersection with the old D'Hanis road. While the deeds have not as yet passed from Crabtree and Smith, we understand agreements have been reached, and the legal transfer is a mere formality that can be accomplished at any time.

The contract price for the grading, graveling and leveling and the bridge and concrete work is approximately \$6,000 per mile. Just what the variation will cost we are unable to approximate. One-third of the entire cost will be borne by the county, while the remaining two thirds will be assumed by the state and federal governments.

It would be impossible to estimate the value of this highway, and its early construction will be welcomed by the people of this section of the state.

—[Two for One]—

THE EDITOR OF THIS PAPER RECEIVED THE

sad news a few days ago that his brother, C. D. Davis, died at the old home, near Mt. Pleasant, Mississippi, Tuesday, January 23, 1923. The deceased was in his 53rd year and death was due to an attack of influenza which a constitution, already weakened from the effects of repeated attacks in former years, could not withstand. He leaves a widow and three little girls to mourn his loss. He is also survived by two sisters and two brothers, all save this writer his seniors. His passing is peculiarly sad to this writer as we had been companions from earliest memory until the responsibilities of manhood separated us, and even this separation had never lessened the tie of brotherly affection so firmly fixed in those golden, glorious days of childhood. That our brother had his faults is to admit only that he was human. But that he had a heart of gold was only to know him as he was. And while our heart is crushed with sorrow and throbs in sympathy for his dependent loved ones, we shall look up—albeit through our tears—and know that all is well with him. F. D.

Mr. and Mrs. Simon Heath narrowly escaped a serious accident while en route to Hondo Tuesday to attend the funeral. While traveling at a rather high rate of speed on the Bix-Hondo road the front axle of their car broke. A rather rough shaking up was the only injury they sustained.

Mr. and Mrs. H. V. Haass and Mr. and Mrs. P. C. Jagge and little son, Clinton, were the guests of Mr. and Mrs. Armin Bendele at Black Creek Sunday.

Hugo Wuzrbach was here from Rio-Redina on business Monday.

Messrs. Fred and Jule Jagge were here Monday on business.

A FATAL AFFRAY.

Word was received in Hondo, Monday morning to the effect that in an affray at a road construction camp near Ingram, Kerr county, Clyde Stone had shot and killed a man named Pender. No particulars were available at that time, and up to the present but little is known here of the unfortunate affair.

Byne Stone, a brother of Clyde, Judge R. J. Noonan and District Attorney L. J. Brucks went to Kerrville, Monday to be present at the examining trial. Defendant waived trial and was admitted to bond in the sum of \$5,000, which was readily furnished.

From the best information obtainable, it seems deceased, who was intoxicated, was raising a disturbance in the camp and Stone had been appealed to and had gone to Pender's camp to find him. They got into an altercation with the above result.

The news of the affray caused considerable interest in Hondo, as the defendant up to recently had made his home here.

The district court will convene in Kerrville in about two weeks, when doubtless the matter will receive judicial investigation.

A FINE NEW PICTURE COMING.

The Star theatre announces that they will show 'The Sin Flood'.

'The Sin Flood' is a story of a crowd of crooks who are all beating each other out of money.

The story takes place in a restaurant. One day a cloudburst hits the city and all know that it will result in a flood. All the characters assemble at the restaurant and begin bolting the flood doors on. There are all classes of people that go in the cellar to keep out of the flood, a minister, a scientist. The scientist determines just how long they will be able to live with the air that is in the cellar. The lights go out and they hear a noise, they know that the flood has hit them. They live on until nearly all the air is gone; then they begin confessing to each other. They tell that they have been cheating one another. They are all getting weak. They decide to open the door and lo! there is sunshine.

Dickens or Balzac might describe this tremendous picture and do it justice. Any pen less gifted would fail. "THE SIN FLOOD" tells the story of ten men and a woman who were rudely brought face to face with death. The story of transformation of this motley group is not only a thrilling one, it is the noblest message the screen has yet described.

WONDERFUL WEATHER PRE-
DICTIONS AMAZE THOUSANDS.

About forty years ago the Rev. Irl
R. Hicks discovered and worked out
for practical use an exact science in
weather forecasting. This science is
based on the equinoxes of the earth
and the planets, the movements of
the moon and planetary conjunctions.

Annually for thirty-five years
weather predictions based on this
science have been given to several
hundred thousand readers through
the medium of the Hicks Almanac,
now known as the St. Louis Weather
Book.

All the great hurricanes, torna-
does, cyclones and general weather
conditions during the past twenty-
five years were predicted to the ex-
act date, a year in advance. Thou-
sands write us yearly testifying to
the value of the predictions in this
Almanac and several hundred thou-
sands plan their work and business
activity by it each year.

You will want a copy of this Al-
manac for 1923. It has more than
168 pages, and is fully illustrated.

Send 45 cents to The Lincoln
Press, Publishers, 3403 Franklin
Ave., St. Louis, Mo., and they will
send you a copy parcel post paid.

Send \$1.00 to Fletcher's Farming
and ask for a copy of the Almanac
and it will be sent you free.

"Slimy Taste"

"When I feel stupid, get constipated, or bilious, I take a good dose of
two of Black-Draught and it sets me straight," writes Mr. George B.
Haislep, of R. F. D. 2, Columbia, S. C. "It cleanses the liver and I feel
all right, and have not used any other medicine as I do not see the need
of it. I am a guard at the State Reformatory, and have been for three
or more years. When I first heard of

BLACK-DRAUGHT Liver Medicine

and the good medicine it was, I had been having a tired feeling when
I'd get up in the morning. I would be stiff and sore, and had a slimy,
bad taste in my mouth, but didn't think so much of it till I began to feel
stupid and didn't feel like eating—then I knew I needed medicine. It
was then I began Black-Draught, and I felt all made over, ready for any
kind of work, ready to eat and sleep. So, for any return of this trouble,
I take Black-Draught, and for 25 years it has been my medicine, and I
wouldn't be without it at all. My work is constant. I am on my feet a
lot. I am out of doors, and fresh air and Black-Draught are all the
medicines I need. I recommend it to others for I know it is good."

DRILL FOR OIL.
In the San Antonio Light of Mon-
day, 15, appeared an article relating
the preparations being made for
drilling for oil on a ten-acre tract
near San Antonio owned by R. V.
Sauer, of Brackettville. Mr. Sauer
about six months ago was drilling
for water on his land with a Star rig,
he encountered promising oil strata
at a depth of about 400 feet.
Around this depth he found consider-
able shale, gumbo, fossils, oyster and
clam shells, along with some oil.
When he ran his baler out it came
up partly filled with oil. Mr. Sauer
was certain he had oil and after
considerable difficulty succeeded in
convincing an oil company of the
possibility of it being a good oil
proposition. The Dale Oil Company
finally became interested, investigat-
ed and as a result several wells will
be drilled on and near that location.
If Mr. Sauer's discovery is correct,
it means an oil well almost within
the city limits of San Antonio.

**THE THRICE-A-WEEK EDITION
OF THE NEW YORK WORLD
IN 1923 AND 1924.**

Practically a daily at the Price of a
Weekly. No other Newspaper in
the World Gives So Much at
So Low a Price.

The wide, wide world has become
so narrowed by science that news
from all around the globe is printed
in the current New York World, to-
gether with the views of nation
builders, master men and leading
women everywhere and particularly
in the United States. No other
newspaper is better equipped to give
the news of the world at the time
it is news than The New York
World.

The Thrice-a-Week edition of The
World is the greatest example of
comprehensive journalism in Ameri-
ca. It will keep you as thoroughly
informed as a daily, which would
cost five or six times as much. It
is a unique newspaper, published
three times a week, for \$1 a year.
This is the regular subscription
price and it pays for 156 newspapers.
We offer this unequalled news-
paper and Fletcher's Farming to-
gether for one year for \$1.25.
The regular subscription price of
the two papers is \$2.00.

DEVINE NEWSLETS.

From The Devine News.

Supt. A. B. Smith has been ap-
pointed Director General of the Dis-
trict Interscholastic League, which is
to meet, April 22 and 23.

Devine Defeats Hondo 34 to 0.

In a one sided basketball game,
played on the Devine court, Friday,
the first in the Medina County cir-
cuit for honors, Devine defeated Hon-
do, in a score of 34 to 0. The visi-
tors tried very hard, but they were
clearly outclassed. We are expect-
ing Yancey to put up a stronger
showing than Hondo; as Yancey played
Basketball thru the foot ball sea-
son and has won several games.

One Car Spinach A Day Being Gathered.

The News man dropped into the
Meadwood farms, Friday afternoon
to see what more than 100 men,
women and children were doing, on
the dark green sward. On driving
into the farm, we noticed eighty
acres spinach, much of which is
ready to harvest and much of which
is just beginning to grow nicely, and
we found that the more than 100
were gathering spinach, cropping off
the damaged leaves and placing it
into baskets. We found Mr. Hopson
smoking his pipe satisfactorily,
watching here and there, and giving
new men suggestions as to how to
pack the verdant product which the
northern people are now going daffy
about. It looked like slow work, but
Mr. Hopson said a real good hand
could pack forty baskets at 7 cents
the basket; but women and children,
of course, would not get half that
much, in many cases. Anyhow there
were more than 100 gathering and
some hauling, some packing ice in
the baskets (three pounds ice in
every basket) with 18 pounds of
greens. The regulation calls for 17
pounds, but Mr. Hopson has found
it pleases the yankees better to give
18 and he is having steady demands
for his stuff, having already sent out
several cars. The spinach was turn-
ing out something like half a car to
the acre; and they were loading out
about a car a day, 800 to 1,000
baskets; which were selling around
\$1.85 in Boston. The express
charges are about 85 cents, and after
paying 13 1/2 cents for baskets, 7
for gathering, and 3 or 4 for icing,
and other expenses, it was not net-
ting any great sum; but he expects to
keep steady on the job until the last
of February, with a car of cabbage
now and then, and some shipments
of lettuce on the side and Butler
seems very well satisfied with his
crop. Of course, the editor was told
to help himself and did so in a mod-
est way; refusing to take an iced
crate; but choosing rather to gather
his own spinach, lettuce and volun-
teer onions.

Orchestra Organized.

An orchestra was organized in
Devine the past week with Mrs. A.
M. Patterson, pianist; Fred William-
son, 1st violinist; August Schott, Jr.,
1st cornet; Joe Williamson, 1st trom-
bone; E. J. Balmos, flute; A. M. Pat-
terson, mgr.; Aug. Schott, director.
Others will join later. It will fill
a long felt want in Devine and these
people should be encouraged. They
will meet Tuesday nights for practice.

urday and Sunday for over 1,000,000

100 acres in these plants, and the
second crop is coming, having recent-
ly planted in the middles, as he has
taken off first crop. It is beyond
question the biggest thing about Dev-
vine, so far as money making and
cash receiving is concerned. It has
all been developed by systematic ad-
vertising, and striking exactly when
the iron was hot. He keeps two
stenographers, and several men pack-
ing plants, besides regular field
hands. He reported \$2,300. orders
on hand, unfilled Tuesday morning.

IF BILIOUS, SICK!
TAKE NO CALOMEL

"Dodson's Liver Tone" Straightens You Up Better Than
Salivating, Dangerous Calomel and Doesn't Upset
You—Don't Lose a Day's Work—Read Guarantee

You're bilious! Your liver is slug-
gish! You feel lazy, dizzy and all
knocked out. Your head is dull, your
tongue is coated; breath bad, stom-
ach sour and bowels constipated. But
don't take salivating calomel. It
makes you sick, you may lose a day's
work.
Calomel is mercury or quicksilver
which causes necrosis of the bones.
Calomel crashes into your bile like
dynamite, breaking it up. That's
when you feel that awful nausea and
cramping.
If you want to enjoy the nicest,
gentlest liver and bowel cleansing
you ever experienced just take a

"California Fig Syrup" is

WE ARE scraping the wall

the crowds that will want to
see "THE SIN FLOOD" at
STAR THEATRE, February
11th and 12th, Mstinee and

disappointed.

Even a sick child loves the "fruity"
taste of "California Fig Syrup". I.
the little stomach is upset, tongue
coated, or if your child is cross,
feverish, full of cold, or has colic,
a teaspoonful will never fail to open
the bowels. In a few hours you can
see for yourself how thoroughly it
works all the constipation poison,
sour bile and waste from the tender,
little bowels and gives you a well,
playful child again.
Millions of mothers keep "Cal-
ifornia Fig Syrup" handy. They
know a teaspoonful today saves a
sick child tomorrow. Ask your
druggist for genuine "California Fig
Syrup" which has directions for ba-
bies and children of all ages printed
on bottle. Mother! You must say

Her Voice

Hark back in memory to the days of child-

sound of her voice? It was more beautiful

There's something in the voice we love

Today others cherish your voice as you
cherished hers.

WHAT CAUSES GAS ON THE
STOMACH?
It is caused by fermenting, sour
waste matter in the intestines. This
old, foul matter should be thoroughly
cleaned out with simple buckthorn
bark, glycerine, etc., as mixed in Ad-
ler-ika. This acts on BOTH upper
and lower bowel, removing old ac-
cumulated matter you never thought
was in your system. Adler-ika re-
lieves ANY CASE gas on the stom-
ach. EXCELLENT for sour stom-
ach and chronic constipation. Guards
against appendicitis. W. H. Wind-
row, Druggist.

of the year, the death roll, the bene-
factions, the record of scientific pro-
gress, the tariff law and other new
and important laws, the full election

No Worms in a Healthy Child
All children troubled with Worms have an un-
healthy color, which indicates poor blood, and as
rule, there is more or less stomach disturbance.
GROVE'S TASTELESS CHILL TONIC given regu-
larly for two or three weeks will enrich the blood,
improve the digestion, and act as a general strength-
ening Tonic to the whole system. Nature will then
throw off the worms, and the child will be in
perfect health. Pleasant to take. 75c per bottle.
